**Subject:** MD NPDES CAFO Required Plans

Gary,

Thank you for our phone conversation today. As part of our National Pollutant Discharge Elimination System (NPDES) Concentrated Animal Feeding Operation (CAFO) program oversight, EPA is planning to review nutrient management plans (NMPs) that have been incorporated into Maryland's NPDES CAFO general permit granted coverages. Could you please share with us at least two NMPs by next week.

Should you have any questions or concerns concerning this matter, please contact us.

Respectfully,

Joel
